• Create Partnership with PCDC and Temple to Develop N. Broad Small Business Center (limited City financial investment)
• Inventory, swap and assemble land with public agency partners during market downturn (staff investment/no financial)
• Ensure CDBG targeted funding for N. Broad to be included in FY 2011 budget cycle (no net new financial investment)
• Manage new bus shelter contract to support revenue capitalization (partially new revenue source, potential impact to general fund)
• Develop new loan products (soft second and historic tax guarantee) to respond to current market conditions (allocation of CDBG)
