

# Jordan Downs, Los Angeles California

## ULI ADVISORY SERVICES PANEL

### Final Presentation

---

February 13, 2009

# The Urban Land Institute (ULI) is a nonprofit research and education organization

---

## ULI's Mission:

*To promote leadership in the responsible use of land to create and sustain thriving communities worldwide*

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# The Urban Land Institute (ULI) is a nonprofit research and education organization

**ULI is a:**

- **membership organization with nearly 40,000 members, worldwide**
- **representing the spectrum of real estate development, land use planning and financial disciplines,**
- **working in private enterprise and public service.**

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# The Urban Land Institute (ULI) is a nonprofit research and education organization

## What the Urban Land Institute does:

- Conducts research on critical land use issues
- Provides a forum for sharing of best practices among land use practitioners and experts
- Writes, edits, and publishes books and magazines
- Directs outreach programs on local and international levels

# Advisory Service Panels

---

- **Conducting Panels since 1947**
- **20 panels a year**
- **Provides independent/objective /candid advice**
- **Process**
  - **Review background materials**
  - **Receive a sponsor presentation & tour**
  - **Conduct 100 + stakeholder interviews**
  - **Consider data, frame issues and write recommendations**
  - **Make presentation**
  - **Produce a final report**

# Panelists

---

## Panelists

**John McIlwain, Chair**

**Richie Butler**

**Vicki Davis**

**Rick Dishnica**

**Peter Elzi**

**Marty Jones**

**Stanley Lowe**

**Michael Maxwell**

**Ralph L. Nunez**

**John Ramirez**

## ULI Staff

**Tom Eitler**

**Carrie Dietrich**

**Patrick Pontius**

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# Assignment

---

**The panel was asked to provide strategic advice on the redevelopment of Jordan Downs**

# Introduction

---

- **Comment on the Request for Proposal(RFP)/ Request for Qualifications (RFQ) package for the redevelopment of Jordan Downs with the expressed goal of creating a :**

***“Vibrant urban village that is sustainable, mixed-use, mixed income community that includes green development and encompasses all the amenities that enable communities to ‘sustain’ over the long term.”***

# Panel Approach to Answering the Questions

---

- **Vision**
- **ULI Panel Process**
  - **Vision**
  - **Market**
  - **Development Strategies/Planning and Design**
  - **Implementation**
- **Response to the Questions**

# The Vision

---

**Vicki Davis**  
**President**  
**Urban Atlantic**

**Michael Maxwell**  
**Managing Partner**  
**Maxwell + Partners**

# The Big Picture: Catalytic Transformer

---

## HACLA Role:

- Convene and facilitate stakeholders
- Create platform for public and private investment

**Goal = Revisioning Watts as a Social, Educational,  
Economic, and Environmental Sustainable  
Community**

# Facing the Challenges

---

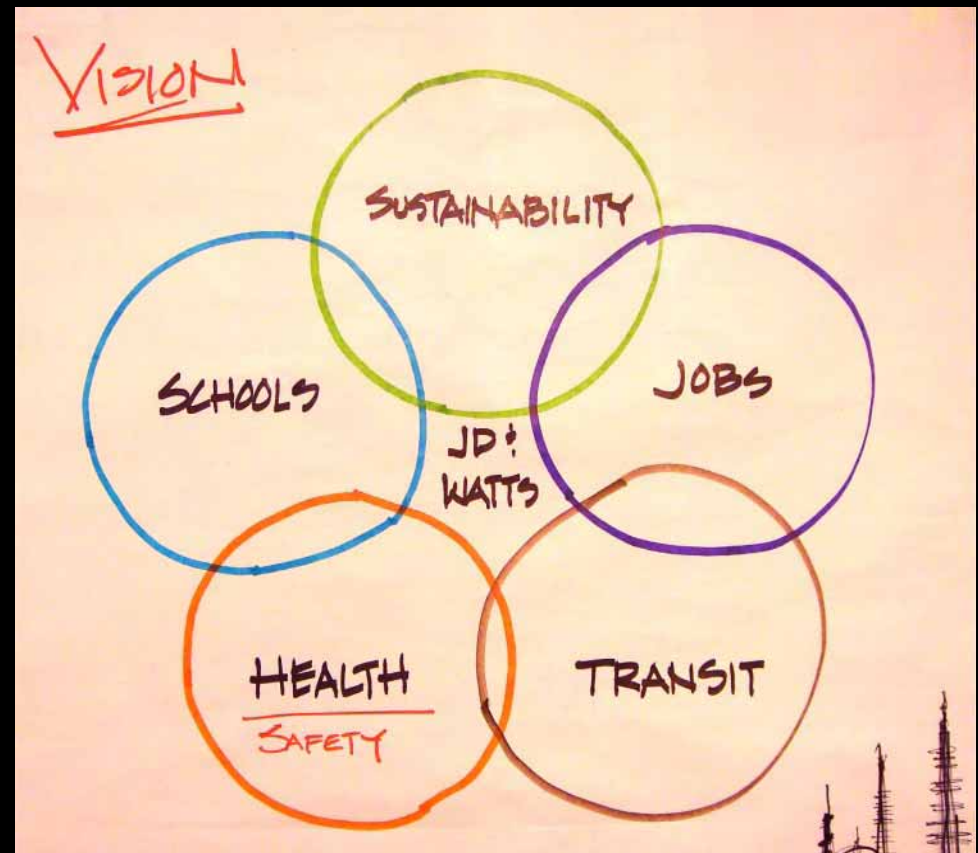

Jordan Downs can be “the transformative” event which unites the stakeholders.

- The catalytic process which can be relied upon over time
- Desire but not consensus

# A New Approach

- Sustainability – Social, Educational, Economic, & Environmental
- Education
- Business & Employment
- Health
- Access & Connectivity

# Sustainability

---

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# Social Sustainability

---

- Proportional Inclusion
- Mutual Cultural Understanding and Celebration
- Safe and Healthy Community

**Education and Economic Opportunity = Social Harmony**

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# Economic Sustainability

---

- Education
- Jobs
- Business Opportunity
- Linkages to surrounding economic opportunity

# Environmental Sustainability

---

- Remediation / reconnection
- Renewable Resources
- Transit and connectivity
- Smart Growth / Job Rich
- Carbon Neutral as a goal

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# Education

---

- Education as an economic engine
- Education Partnerships
- Build on existing resources – Maxine Waters Training Center

Advisory Services Panel – Jordan Downs, Los Angeles CA  
February 8-13, 2009

# Education

---

- Education focused on 21<sup>st</sup> century – sustainable jobs – technology health, services to move beyond the existing market, gray and criminal economies
- Education combined with each community as a resource
- Education for Entrepreneurship

# Business and Employment

---

## Assets in place and to be developed:

- **Strong and growing work force**
- **Connections to surrounding employment centers**
- **Local Small business support and growth**
- **New businesses for the sustainable economy – health, technology, services**
- **Career and economic wealth to replace gray market jobs**

# Access/Connectivity/Linkages

## Assets:

- Location and transportation access
- Transit
- Connectivity

# Health

---

- Integrated model of care
- Primary, clinic and urgent services and
- Jobs

# Assets to Celebrate Watts

---

- People
- Culture
- Family and Community
- Location
- Workforce

# Market Potential

---

**E. Peter Elzi, Jr.**  
**Principal**  
**THK Associates, Inc.**

# Watts Area

- Confirm construction estimates per conceptual plans

# Question 1

---

**Can RFQ #7495 and RFP #7496 be fine tuned to better address the needs of the existing residents and still meet the mission and goals as set forth in the RFQ 7495 and RFP 7496?**

- **The Urban Land Institute (ULI) strongly encourages HACLA to review as a baseline the U.S. Department of Housing and Urban Development's (HUD) Guidelines regarding citizens/resident participation.**
- **Establish a Joint Memorandum of Understanding with Jordan Downs residents that outlines responsibilities of HACLA and tenants regarding the RFQ.**
- **Establish or expand the JDCAC with greater Latino tenant representation**
- **Broaden community outreach efforts to include representation from the all schools and leadership churches.**
- **Hire a third party to do focus groups to ensure true Latino input.**
- **Participate in the Mayor's Annual Watts Declaration of Wealth Statement**
- **Increase tenant employment opportunities at HACLA**
- **Develop a HACLA Employee Volunteer Leader/Mentorship Program for 25 outstanding youth living at Jordan Downs**
- **Have the CEO convene quarterly Jordan Downs Town Meeting to keep the residents informed of HACLA's revisitation efforts.**

# Question 2

---

**How can the RFQ #7495 & RFP #7496 be fined tuned to address the simultaneous overlap between the annexation process and the master planning/specific plan process?**

- **Partner with the County to refocus the process on a partnership with the County, especially with regard to the Tweedy, Alameda and Century road connections.**
- **Phase on-site units with a robust off-site REO properties acquisition program.**
- **De-emphasize the annexation process; don't let it lead the redevelopment process**
- **Team up with a private development partner.**

# Question 3

---

**What are the financial assumptions that can be made in terms of potential funding available for the redevelopment of Jordan Downs? What are the potential gaps, opportunities and potential sources that the developer can tap as resources?**

- **When the RFP/RFQ package was developed, no one could have anticipated the extraordinary changes that have occurred in the capital markets.**
- **Prepare for a delay in the availability of capital.**
- **Look for funding opportunities for various components of the overall program such as Neighborhood Stabilization Program funds, remediation and infrastructure. Also, focus on Hope VI; because Jordan Downs is a likely candidate**

# Question 4

---

**What market indicators support the redevelopment of Jordan Downs and the potential to revitalize the Watts community?**

- **There will be continued growth in population and households.**
- **Vacancy rates are still low placing pressure on supply.**
- **Affordable housing will attract residents.**
- **Crime rates are own for Watts and Jordan Downs in particular.**
- **Purchasing power is greater than documented income levels.**
- **Lack of quality retail in the Watts environs indicates a need for new retail establishments.**

# Question 5

---

**How can HACLA engage other stakeholders who may not be directly involved in the master planning/annexation process to see the vision, become informed and support the redevelopment of Jordan Downs?**

- **HACLA and the City of Los Angeles have generated a praise worthy level of stakeholder involvement.**
- **HACLA must continue to communicate, coordinate and commit.**
- **Involve local Watts churches.**
- **Involve Watts cultural community.**
- **Embrace new entrepreneurial opportunities and solicit ideas from ongoing collaborators and new, credible stakeholders.**

# Question 6

---

Considering HACLA is doing a one-for-one replacement of public housing, what suggestions can the panel offer in terms of phasing the project such that the residents experience a smooth transition?

- The Housing authority should develop a relocation strategy that includes the aggressive acquisitions of units in the community through NSP program.
- The replacement units should be both on-site and off site. Off-site units will be in the Watts community. Make the off-site option attractive such as single family dwelling units.
- Give the residents the option to choose whether or not they want to remain on-site or off-site.
- Replacement housing options include senior housing, off-site single family within the Watts community, on-site rental housing and both on-site and off-site for sale housing

# Question 7

---

**What is the value-add of the Jordan Downs redevelopment to the overall development of affordable housing in Los Angeles in relation to the Mayor's Five Year Housing Plan?**

- **Immediate expansion of housing stock by committing funds to acquire the REO stock**
- **Housing creation is the driver for new jobs and educational opportunities**
- **Jordan downs can be the model / blueprint to engage all stakeholders in the revitalizations of Watts**

# Summary

---

**Vibrant urban village that is sustainable, mixed-use, mixed income community that includes green development and encompasses all the amenities that enable communities to ‘sustain’ over the long term.”**
