## GROWSOLAR

grow  
community

largest planned solar-ready neighborhood in WA State!

One Planet Living is a 10-year partnership with a goal to achieve net-zero carbon footprint by 2025. To help meet this goal, One Planet Living is working to be the first net-zero carbon footprint in the region. This is a major milestone for the region and will help to reduce the carbon footprint of the region. This is a major milestone for the region and will help to reduce the carbon footprint of the region.

### Why go solar?

- Reduce your carbon footprint and help the environment
- Save money on your electricity bills
- Reduce your energy costs and help the environment
- Increase your property value
- Reduce your energy costs and help the environment
- Increase your property value
