PROJECT DESCRIPTION [Required]
In approximately 300 words, describe the project as you would to a prospective client, a group of developers, your financial partner, or a communications professional. This overview should include general information about site size and characteristics.

REASON FOR PROJECT RECEIVING AN AWARD [Required]
In bullet format, list up to five special, innovative, and/or distinguishing reasons why the project should receive an award. Describe each reason very briefly on one line. Consider the Evaluation Criteria in the Instructions. You will have the opportunity to expand on your answers on another page.

Heritage Award
The Heritage Award goes to a development project or program that:
• established new concepts or standards that others have emulated;
• is of national or international renown;
• has been complete for a minimum of 25 years; and
• meets all eligibility requirements listed above.

The Heritage Award is not necessarily for historic preservation projects, although such projects may win the award.

Heritage Award submissions do not require the prior authorization of the developer or owner, however, the submittor must have standing with the project or program. ULI reserves the right to determine independently the ultimate organization eligible to win the Heritage Award.

The submittor must designate the project or program as a Heritage Award candidate in the submission form for it to receive this special consideration. By submitting the entry as a Heritage Award candidate, the jury will only evaluate it for this award, and not as part of the overall Global Awards for Excellence. Please evaluate carefully whether the project is best suited for this distinction. Please visit http://uli.org/awards/uli-awards-for-excellence-winners/through-the-years/ to review a list of winners.

The jury only designates the Heritage Award with a unanimous vote.

If you wish to designate the project as a candidate for the Heritage Award, please check the "Yes" box below.

### CRITERIA

**EXCELLENCE IN ALL AREAS**
In 200 words or less, describe how your project or program demonstrates leadership through a high standard of excellence in all areas.

**RELEVANCE**
In 200 words or less, explain how your project or program demonstrates relevance to the contemporary and future needs of the community in which it is located.
You will have the opportunity to describe marketplace acceptance and financial viability on the next page.

**MARKET ACCEPTANCE & FINANCIALS**

The jury will evaluate entries on the extent to which they have achieved broad market acceptance and financial success. An understanding of the financing structure is key. Projects are likelier to advance to the finalist stage if the jury understands the project to be financially stable or viable. Public or nonprofit projects should demonstrate a reasonable use of financial resources and indicate how they support broader goals or efforts.

To demonstrate how your entry has been broadly accepted in the market, you may use any indicators that are standard for your product in your market, such as percentage of units sold or leased, percentage of square footage leased, utilization rates, average daily rates, visitor data, return on investment (ROI), increase in market valuation (based on independent appraisal), occupancy rate (compared to market), stimulation of economic growth in the community, etc. The submission may include additional financial information, such as pro formas, accounting statements, etc. If relevant, identify anchor/key tenants.

The jury will not evaluate projects that are unwilling to disclose financial information to ULI and the jury, which means such projects will not advance to the finalist or winning stages.

In the space provided below, describe how your entry has achieved market acceptance. [Required]

Estimated total cost of the project or eligible phase submitted [Required]

Upload additional financial information (Optional)
If you submit multiple files, please combine them in an archive format, such as zip.

IMAGES AND ATTACHMENTS

Minimum submission materials

The first image should be a contact-sheet showing thumbnails of all submitted images. The contact-sheet should include a caption and image credit for each thumbnail. This should be in PDF.
The second image, when applicable, should be a locator map showing the project’s location relative to its metropolitan area.
The third image, when applicable, should be a project site plan.
The fourth image, when applicable, should show the project within context of its surroundings.
Additional images are up to you. You may submit up to 20 image files (in addition to the contact-sheet).

Submission material requirements

Image files should be in TIFF or JPEG formats, no PDF formats, except for the contact sheet.
Minimum dimensions of 8.5 x 11 inches or A4 at 300 pixels per inch or better.
Do not include any border, logo, number, or other collage elements in the images.
Common drawing/mapping conventions are acceptable in the relevant plans and other support drawings or diagrams.
Final project renderings in any form other than for site and locator plans are not accepted and may disqualify the entire entry.
Some diagrammatic/conceptual images might be relevant depending on the project.

Naming Protocol

We strongly recommend naming the images and files:
in a manner that identifies the project clearly; and
in the order in which the jury should review them.

Preferred naming protocol: AbbreviatedProjectName_AbbreviatedLocation_ImageNumber

Example: whitehouse_dc_01

The jury uses images for a first assessment of the overall visual impression of the project. These images are critically important to sustain the application narrative and often drive the conversation as the jury meets and evaluates entries. Please choose images that are relevant to the characteristics that make the project a viable award candidate.

These images form the basis of the content ULI uses to feature projects in relevant ULI research and communications. ULI typically features all winners and finalists – and may feature other applicants of note. ULI often uses the images to make a video to present during ULI annual meetings, ceremonies, and related events. The higher the quality of the images, the better.

By submitting this application, you attest that ULI may use or reproduce any supporting information provided (including images), unless noted otherwise. The submitter attests that she/he has full power and authority to grant these rights and permissions.

NEXT STEPS

Thank you for preparing this form. You will receive a first notification once ULI receives this form. You will receive a second notification prior to jury review, once ULI verifies that your submission information is complete.

First Jury Meeting

After an extensive briefing, each juror receives a group of submissions to review in advance of the first jury meeting. During this first meeting, typically over the course of two days, each juror presents to the rest of the jury his or her group of submissions for debate, evaluation, and qualification. This process typically results in an initial set of projects subject to a second round of evaluation. Finalists emerge from this second round. ULI will notify finalists and non-finalists of their status shortly after this meeting.

This meeting likely will take place during ULI Spring Meeting in Nashville, TN, April 16–18, 2019.

Finalist Site Visits

If the jury selects your project as a finalist, during the following months at least one juror visits each finalist for a closer evaluation, where they meet with those responsible for the success of the project or program. The goal is to gather a detailed understanding of all aspects of the project or program.

Second Jury Meeting

The jury convenes in a second and final meeting where they review each project again. The member of the jury who visited the project starts the discussion with a brief presentation that includes additional insight they obtained during their visit. After a day of deliberations, they select the ULI Global Awards for Excellence winners. ULI will notify winners and non-winners of their status shortly after this meeting.

ULI will announce the winners before or during the ULI Fall Meeting in Washington, D.C., September 18-21, 2019.

If at any point you have questions or comments please contact: awards@uli.org

Once you submit this form you can access it to download it for your records through your OrgSync profile.

Thank you for your participation in the ULI Global Awards for Excellence.
